**PART 1 – PROJECT DESCRIPTION**

**1.1 PROJECT:** CM Services for Dillon Stadium Renovation & Improvements  
CRDA 18-008  
21 Van Dyke Avenue, Hartford, CT 06106

**1.2 DUE DATE:** April 20, 2018  
TIME: 1:00 PM

**1.3 Introduction**

The Capital Region Development Authority (CRDA), with assistance from the Hartford Sports Group (HSG), is undertaking renovations and improvements to the Dillon Stadium (Dillon). CRDA intends to enter into a contract with a qualified construction management firm (CM) to provide pre-construction, construction and post construction services for this Project.

**IMPORTANT NOTE: Award and execution of this contract to the successful candidate is subject to finalization and execution of agreements between the City of Hartford (City), HSG and CRDA.**

**1.4 Background**

The City owns Dillon Stadium and desires to increase the number and type of events held at Dillon, as well as to increase attendance at all events, while preserving and enhancing access to the facility for scholastic, amateur, and community sporting and other events.

CRDA with offices located at 100 Columbus Boulevard, Suite 500, Hartford, CT 06103, is a quasi-public agency of the State of Connecticut working to encourage the redevelopment and economic expansion of the City of Hartford. In addition to overseeing housing construction and other economic development projects, CRDA owns and/or manages various sports and entertainment venues, including the Connecticut Convention Center, the XL Center and Pratt & Whitney Stadium at Rentschler Field. The Authority is statutorily charged with promoting the State's sports and entertainment facilities.

In 2017, the City asked CRDA to utilize its expertise to assist them with the redevelopment of Dillon. The CRDA conducted a Request for Proposals on behalf of the City seeking proposals from individuals, firms and/or organizations interested in using, redeveloping and operating Dillon and potentially securing a professional sports team for that facility.

On November 30, 2017, having concluded the Dillon Stadium Redevelopment RFP process, the CRDA Board of Directors approved recommendations of the CRDA Venue Committee and to submit such recommendations to the City for final approval and action.

On February 16, 2018, the Bond Commission authorized funds for the renovations and improvements of Dillon Stadium.

## 1.5 Project Description

Located on 6.43 acres in the Coltsville section of Hartford, Dillon Stadium was a Federal Emergency Relief Administration (FERA) project opened in 1935. The Field House was erected in 1939 and lighting was introduced in 1964. The existing aluminum bleachers on the northeast side of the field provide approximately 5,000 seats. The wooden bleachers located on the southwest side of the field have been deemed structurally deficient and are no longer used. They provide approximately 4,600 seats. The stadium has a grass field with working irrigation and trench drains. There are four out buildings consisting of the Field House (northwest) that includes team locker rooms and public restrooms, concessions building (northeast), referees' locker room and storage (southwest) and public restrooms (southeast). The Stadium has not been renovated in some time and is in need of repairs and code updates. JCJ Architecture, PC, Hartford CT (JCJ), is the lead architect for design of the renovations and repairs of Dillon.

In order to accomplish the City's goals, renovations will include replacement of the field and related infrastructure, replacement of the southwest and northwest bleachers, a new press box, upgraded seating, lighting and sound system, upgrades to concessions, restroom and locker room facilities, upgrades necessary for building code and ADA compliance and a new site entrance.

## 1.6 Request for Qualifications & Proposal:

**Attachment D****CONTRACTOR/GRANTEE COMPLIANCE REQUIREMENTS****NOTE: - THESE REQUIREMENTS APPLY TO ALL CONTRACTORS - INCLUDING GRANTEES AND INDIVIDUALS**

Connecticut General Statute Section 4a-60 was adopted to insure that State agencies do not enter into contracts with organizations or businesses that discriminate against protected class persons. To carry out the provisions of the Statute, the Commission on Human Rights and Opportunities developed Regulations concerning Contract Compliance and approval of Contract Compliance Programs which impose certain obligations on State agencies as well as contractors doing business with the State of Connecticut.

These regulations require that as an awarding agency, in this instance, the Capital Region Development Authority (CRDA), must consider the following factors in its selection of any contractor:

- The bidder's success in implementing an affirmative action plan;
- If the bidder does not have a written affirmative action plan, the bidder's promise to develop and implement a successful affirmative action plan;
- The bidder's success in developing an apprenticeship program complying with Connecticut General Statutes Sections 46a-68-1 to 46a-68-17, inclusive.
- The bidder's submission of Employment Information Form or EEO-1/ EEO-4 data indicating that the composition of its work force is at or near parity when compared to the racial and sexual composition of the work force in the relevant labor market area; and
- The bidder's promise to set aside a portion of the contract for legitimate minority business enterprises.

In order to assess the factors above, contractors are required to provide CRDA with information about their organizations.
